Sound Mind & Body Healing Center [SMBHC] is a “complementary and alternative health care provider” located in the greater Minneapolis / St. Paul area. Our holistic approach is centered around the use of sound/music in order to awaken and engage greater areas of mind, leading to self-mastery and complete health. In other words, it’s “Sound freeing your thoughts to raise the consciousness of a world.” To that end we’ve developed techniques and processes to “change people’s minds, better, faster, and cheaper.” One application of the sound has been to incorporate it into clinical hypnotherapy and our “Sound Hypnosis” process has been called by hypnotherapists, “the most powerful hypnosis” they’ve ever experienced. The sound produces no undesirable side effects and is the easiest medicine in the world to take – all you have to do is LISTEN. Learn more at www.soundmindbodyhealing.com.

Responsibilities

What Sound Mind & Body Healing Center is doing is “outside the box.” It’s tremendously effective, but so cutting edge that people don’t understand it. The responsibilities of this position is largely to make contact with and develop already identified markets (including scheduling seminars and therapy sessions), and to develop new markets as well. Other duties and responsibilities will likely come to light based on the personal strengths, interests, and goals of the person who joins us in this position.

Qualifications

- A very open mind.
- Believe in and advocate holistic health care.
- Creative problem solving skills.
- Good vocal presence and phone skills.
- Self-starter / independent worker.
- Strong desire to change from “business as usual” to a new paradigm.
- Ability to use computers and Microsoft Office suite of programs.
- Reasonably good keyboarding skills.
- Drivers license and owning a car is a plus

Compensation

Generous results based compensation (commission) and personal sessions (including immediate family) at no cost.

Training/mentoring: provided.

Period of employment: Not limited to any period. Flexible hours.

To Apply: Mail or email your resume and letter stating why you are interested in the position, and what unique qualities you have which would contribute to a synergistic effect. Position is open until filled.
